OR AIR LIGHT.

The Cheapest, most Brilliant, and most Conveni-The Cheapest, most Brilliant, and most Convenient Artificial Light in the World:

The Vesper Gas Light has won for itself a reputation of the legance, economy, safety, and simplicity far beyond any other artificial light. The Vesper Gas flame and fixtures precisely resemble in form those of coal gas, but in brilliancy and purity of light it possesses a decided advantage over even Louisville coal gas. It requires no chimney; there is no need of daily trimming of wick; and the construction of the fixture is so simple that it is not liable to get out of order, and a child can manage it readily. The gas burned in the Vesper fixtures is generated from pure coal oil, without any admixture of alcohol or other loreign ingredient. It is entirely free from odor while burning, as, by a simple contrivance, the vapor of the oil is mixed with the atmosphere, producing perfect combustion and a most intense light. The light has been pronounced, by those who have had it in constant use for months, as most pleasant to the eye while reading or sewing, there being no flicker or unsteadiness in the flame. The Vesper fans Light its portable, and can be used in town or country—in fact, wherever artificial light is required. The fixtures themselves are adapted in styles to suit all tastes, from the plain single-light burner to the most costly chandelier. Each chandeller is perfect in itself; there is no outlay to be made for service pipes. The gas is generated in the burner, and all fixtures, from the cheap single-light burner to the expensive chandeller, are miniature gas-works in themselves. They are sold at prices which do not exceed the cost of the ordinary gas fixtures of similar style and ornamentation. A price list will be sent to any address on application.

The proprietor respectfully requests responsible merchants in every town and county in the State to correspond with him, believing they will find it to their incress to aid him in introducing this unequated light to their customers.

Mr. Andrews--Military Affairs--a H R. res Mr. Andrews-Military Affairs--a H. R. bill to change the time of the Trimble Quarterly at the battle of Lake Erie, on Sept. 10th, 1813 Banks

Mr. TAYLOR, of Mason, said: I think, Mr. Speaker, that the resolution under onsideration will meet with the unanimous ap probation of the Senate. Sir, the surviving volunteers from Kentucky, who were present and bravely participated in the memorable naval engagement on Lake Erie on 10th September, 1813, are very few. Perhaps, sir, not more than four or five are yet alive. I have the pleasure of being personally acquainted with three of them--Jan Artus, an honored and esteemed citizen of Ma son county, who was wounded in that battle whilst fighting with heroic courage, at close quarters, on board the Calidonian; Dr. William T. Taliaferro, now a distinguished citizen and physician of the city of Cincinnati, then a young and ed sician of the city of Cincinnati, then a young and gailant officer of dragoons, a native, and for a long time afterward, a resident of Kentucky; and Jno. Tucker, "little John Tucker," as he was called, from his diminutive size, for many years a district, No. 12, Pendleton county: passed.

Mr. Griffin—a bill in relation to County County and Sheriffs' fees: referred to the

These brave men were volunteers on board Perry's ships. That intrepid commander was in constant expectation of an engagement with the onemy, who were pressing him and endeavoring to force him to give battle. He was deficient in the complement of men necessary to man his vessels for such a contest with such an enemy .--He dispatched a messenger to General Harrison, then encamped with an army at Fort Seneca, I believe, requesting that officer to send him some companies of regular troops to fight as

marines in the expected conflict.

A number of the Kentucky volunteers in Har rison's army earnestly petitioned their chief for permission to join Perry's fleet. It was re-fused at first, but finally some twenty of them. belonging to Captain John Payne's company of dragoons, were allowed to embark with the regulars. They made their appearance upon the decks of Perry's ships in the bear skin cap and uniform dress of the dragoon, greatly to the merriment of the sailors, who called them "Horse Marines." They fought nobly, valiantly. They, sir, on that day, and to them on a

new theatre, cheerfully contributed their mite to the imperishable renown of "the Kentucky volunteer." Indeed, sir, it is said by the according ited historian of the times, that but for the presence of the troops from Harrison's army, Perry ald not have fought and gained that battle. These men, sir, for their brave and patriotic ser vices on that day, are entitled to the everlasting | 43. the School, he thought the vicinity of the seat of Government the best place. PERSONAL EXPLANATION. Mr. Griger rose to a privileged question. found in the correspondence of the Louisville Journal of to-day's issue, that in the discussion of the bill in relation to Foreign Insurance agencies, the writer prefers the charge of an "assassin Democracy" against the majority of the members of this House. He stated that he was proud to belong to the Democratic party-a party high and honorable in distinction—yet he was charged, with that party, with legislating detrimentally to the interest of Louisville. He claimed the right to legislate for Louisville -- a great and glorious city, and an honor to every citizen of this commonwealth—and he would legislate for her with all the wisdom he had; he would use his abilities to her best advantage; he was born and raised in the city of Louisville and hoped to remain, the balance of his days among her people—his people.

LOUISVILLE HOUSE OF REFUGE. On motion of Mr. GEIGER, a message was sent to the Senate, asking leave to withdraw the report of this House, of a passage of a bill in relation to the Louisville House of Refuge.

AYER'S Ague Cure,

Intermittent Fever, or Fever and Ague, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache, or Bilious Headache, and Bilious Fevers, indeed for the whole class of diseases originating in biliary derangement, caused by the Malaria of miasmatic countries. No one remedy is louder called for by the necessities of the American people than a sure and safe cure for Fever and Ague. Such we are now enabled to offer, with a perfect certainty that it will eradicate the disease, and with assurance, founded on proof, that

no harm can arise from its use in any quan-

That which protects from or prevents this disorder must be of immense service in the communities where it prevails. Prevention is better than cure, for the patient escapes the risk which he must run in violent attacks of this baleful distemper. This "CURE" expels the miasmatic poison of Fever and Ague from the system and prevents the develop-ment of the disease, if taken on the first approach of its premonitory symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of every body; and in bilious districts, where Fever AND Ague prevails, every body should have it and use it freely both for cure and protection. It is hoped this price will place it within the reach of all—the poor as well as the rich. A great superiority of this remedy over any other ever discovered for the speedy and certain cure of Intermittents is, that it contains no Quinine or mineral, consequently it produces no quinism or other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had never

had the disease. Fever and Ague is not alone the consequence of the miasmatic poison. A great variety of disorders arise from its irritation, among which are Neuralgia, Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Catarrh, Asthma, Palpitation, Painful Affection of the Spleen, Hysterics, Pain in the Bowels, Colic, Paralysis, and Derangement of the Stomach, all of which, when originating in this cause, put on the intermittent type, or become periodical. This "CURE" expels the poison from the blood, and consequently cures them all alike. It is an invaluable protection to immigrants and persons travelling or temporarily residing in the malarious districts. If taken occasionally or daily while exposed to the infection, that will be excreted from the system, and cannot accumulate in sufficient quantity to ripen into disease. Hence it is even more valuable for protection than cure, and few will ever suffer from Intermittents, if they avail themselves of the protection this remedy af-

are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: Costiveness, Heartburn, Headache arising from disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice, and other kindred complaints, arising from a low state of the body or obstruction of its functions. Reed v Creel et al, Casey; argument continued by James for appellee. FRIGHTFUL ACCIDENT ON THE DAYTON AND MI CHIGAN RAILROAD .- About 8 o'clock yesterday morning, the express train on the Dayton and Michigan railroad, which left Toledo the evening previous, when at Colesville Bluffs, 16 mile above Dayton and 4 miles south of Troy, met

with a serious accident, by which two cars were precipitated over an embankment 20 feet high inmore or less injured.

The two psssenger cars, containing about 20 persons each, were thrown from the track and turned entirely over once and half over again,

alighting in the canal bottom upward. The scene in the cars was terrible. Scarcely a passenger had escaped without some bruises, and from many the blood was gushing in streams, which, in some instances, rendered recognition almost impossible. The cries of the women, and the fact that the cars were gradually sinking in 6 feet wrter, added considerable to the excitement of the moment. Had it not been for a heavy incrustation of ice on the surface of the canal, three or four inches in thickness, which although broken by the concussion, prevented the cars from instantly filling, many persons must have been drowned.—Cin. This is to certify that Samuel Reynolds of Oswego,
New York, has put into my mill, known as the Cove
Mill near this place, one of his Concentral Pressure
Water Wheels It is one foot in diameter and takes
the place of a 25 feet Overshot Wheel. With the Overshot Wheel I can grind seven and one half bushels of
wheat to the hour with a full head of water, and with
his (Reynolds Wheel) to-day attached to same burrs,
which are 30 inches in diameter, I ground ten and ninetenth bushels of wheat to the hour, and the water used
to run, it filled the buckets on the Overshot Wheel two
third full.

Mr. Reynolds put the Wheel in with the understandng that if it did not grind as much as the Overshot with he same water he was to take it out and charge nothing for his trouble.

I am satisfied that it will grind one third more to the

I am satisfied that it will grand one data our than the Overshot Wheel.

I have been acquainted with Mr. Reynolds about six nonths and will guarantee that his Wheels will give more power than he claims for them. I therefore commend him to the public.

## GREAT CROSSING, Scott Co. Ky. ) December 12, 1859.

Messrs. Talleot & Underhill, Oswego, N. Y.

Gentlenen: I take pleasure in saying to you that the Water Wheel, (four feet in diameter double issued) purchased of Mr. Samuel Reynolds, the inventor, is now in operation and is giving me entire satisacton, coming fully up to what it was recommended to do.—My first trial with it was at a very low stage of water, only three and a half feet head. It gave full power, for one run 42 inch Burrs, Bolts, Smut Mill, &c., with the gate ½ open. When the water rose so as to give me five feet head I have full for two run of Burrs, doing full work, so that under the full head (six feet) I have a surplus of power.

I have run in backwater to the depth of four feet with no perceivable loss of power. This Wheel is put in place of a thirteen feet diameter Breast Wheel, and gives fully double the power with about the same amount of water that it did. I therefore take pleasure in paying you for it, believing that I now have a wheel that will last me 20, perhaps 50 years.

Signed, Very truly yours,
Jan. 25, 1860—d&tw&w3m. W. H. McBONALD. Messes. Tallcot & Underhill, Oswego, N. Y.

THE KENTUCKY

This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself.

Hostetter's Stomach Bitters have proved

a Godsend to regions where fever and and various other bilious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of un alloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system. giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic. and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using thi preparation while suffering from stomach de rangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear body and mind is generally aggravated. Here then, is a necessity for a stimulant to recupe rate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigors tors that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase of bodily strength.

All those persons, to whom we have particu larly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrheea, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach superannuated invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hos-tetter's Celebrated Stomach Bitters a trial.

CAUTION .- We caution the public against using any of the many imitations or counter feits, but ask for Hostetter's Celebrates STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters' blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the

DR. MOTT'S Chalybeate Pills.

An aperient and stomachic preparation of IRON purified of Oxygen and Carbon by combustion in Rydrogen, of high medical authority and extraordinary efficacy in each of the following complaints, viz. :

DEBILITY, NERVOUS AFFECTIONS, EMA CTATION, DYSPEPSIA, DIARRHEA, CONSTI-PATION, SCROFULA, SALT RHEUM, SCURVY JAUNDICE, LIVER COMPLAINTS RHEUMA TISM, MERCURIAL CONSEQUENCES, INTER MITTENT FEVERS, NEURALGIA, CHRONIC HEADACHES, FEMALE WEAKNESS, MIS MENSTRUATION, WHITES, CHLOROSIS, etc., PIMPLES ON THE FACE, ROUGHNESS OF THE SKIN, etc.

The IRON being absorbed by the blood, and thus circulating through the whole system, no part of the body can escape their truly wonderful influence.

The experience of thousands daily proves that no preparation of Iron can for a moment be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its necessity in almost every conceivable case. In all cases of female debility (fluor albus, chlorosis, etc.), its effects are delightfully renovating. No remedy has ever been discovered, in the whole history of medicine, which exerts such prompt, happy and fully restorative effects. Good appetite, com plete digestion, rapid acquisition of strength, with an unusual disposition for active and cheerful exercise, immediately follow its use As a grand stomachic and general restorative it has no superior and no substitute.

Put up in neat flat metal boxes containing 50 pills, price 50 cents per box; six boxes, \$2 50; one dozen boxes, \$4 00. For sale by Druggists generally. Will be sent free to any address on receipt of the price. All letters, orders, etc., should be addressed to
